\$525 IN PRIZES FOR THE BEST RHYMES

A new contest is just being started which will interest every woman and girl who reads this paper. Any woman or girl can enter this Contest—anyone can win! All it is necessary to do is to write a 4-line rhyme on Dr. Price's Phosphate Baking Powder, using only the words which appear either on the label of the Dr. Price can (front and back) or on the printed slip which is found in each Dr. Price can.

Isn't that easy? Everyone likes to make rhymes and here is a chance to spend a fascinating hour or two writing rhymes on this popular Baking Powder and perhaps winning a substantial prize for your efforts.

50 CASH PRIZES

For the rhyme selected as best a prize of \$100 will be given; for the second, third and fourth best rhymes prizes of \$75, \$50, and \$25, respectively will be given. And besides these prizes there will be 50 prizes of \$5 each for the next 50 best rhymes. With such a long list of prizes as these, it would be a pity not to try your hand at it!

Here is a 4-line rhyme as an example:

Two teaspoons of this powder make Biscuits, muffins, pie or cake, The Price's Co., guarantees No alum in the cans to be.

As Dr. Price's Phosphate Baking Powder sells for only 25 cents a 12 oz. can at grocery stores, some rhymes could play up the remarkable economy of this pure and wholesome baking powder which contains no alum.

All rhymes must be received by May 1, 1922. Only words appearing either on the label of the Dr. Price can (front and back) or on the printed slip contained inside the can may be used. These words may be used as often as desired, but no other words will be allowed. If you haven't a can of Dr. Price's, a copy of the label and the printed slip will be sent to you free upon request.

Any woman or girl may enter the Contest, but only one rhyme from each person will be considered. In case of ties, the full amount of the prize will be given to each tying contestant. Write plainly on only one side of a sheet of paper and be sure to give your name and address.

Send your rhyme before May 1st to Price Baking Powder Factory 1007 Independence Blvd., Chicago, Ill.

STOLEN CAR IS HERE

Several days ago two boys drove an eight cylinder Cole touring car into the Clark Garage and asked that it remain there until the roads improved and they would return for it. They asked that several minor repairs be made and that the car be washed by the time they returned. Before leaving town they decided they needed a little money and R. D. Hawkins endorsed a check for the boys. In due time the check returned with a note attached that there were no funds in the bank upon which the check was written. The boys appeared to be from Chicago. Upon the return of the check Hawkins and Appleman became suspicious and wrote the secretary of State of Illinois giving the license and engine number and they were informed that the car belonged to a man in Chicago and the car was stolen from the streets of that city on March 10. They wrote the owner and then an insurance company who had the car insured and got in touch with the men here and they expect to come after the car this week if the roads get in condition that it can be driven back to Chicago. Hawkins and Appleman will likely receive a handsome reward for locating the car.—Clark Chronicle.

FROM THE SUMNER STAR

R. L. Noble and G. C. Korn went to Kansas City Sunday, the former to undergo an operation for rupture, and the latter to have some X-Ray photos taken. Grover has been suffering from apparent stomach trouble for some time.

R. K. Bedell was seized about five o'clock Wednesday with a stubborn attack of nosebleed, and the doctor did not succeed in stopping it until near midnight. As a consequence Mr. Bedell was feeling quite weak the following day.

A radio outfit was set up in the central telephone office the latter part of the week, but for some reason the machine failed to function. Frank Norman took the apparatus over to his home and is experimenting with it there.

Shortly after dark Thursday of last week Hopper & Smart's big hay and grain warehouse in the Wabash railroad yards in the west part of town was discovered to be on fire, and before anything could be done to check the progress of the flames the entire interior was a roaring mass of fire and smoke, the warehouse being filled with baled hay and corn, which burned like tinder. There was considerable other property stored in the building, among which was a large new gasoline engine which had never been uncrated, which they calculated to install in the grain elevator, and different other property that was stored there. The Sinclair Oil Co.'s big storage tanks were separated from the warehouse by only a coal shed which kept the heat off the oil tanks and exploding, which would have spread destruction over a wide area. The loss was about \$3,000, with \$2,000 insurance. The origin of the fire is laid to a spark from a passing engine.

Judge W. D. Herring of Brunswick was here Monday and Tuesday on business in connection with the board of equalization.

DON'T FOR OUR TOWN

Don't fail to sound the praises of Keytesville wherever you are.

Don't make your money off of your neighbors and then spend it with strangers.

Don't grow on every public improvement simply because it may cost you a dollar or two.

Don't sneer at the efforts of your fellow citizens to build up the town, but lend a hand yourself.

Don't talk a great deal about what should be done and remain on the back seat waiting for someone else to do it.

Don't say the public schools are a failure because your boy has been upsetting discipline and has been punished.

Don't stay at home on election day, but get out and hustle for good men and good government.

Don't forget to drop your dollar in the slot when the committee that is after a new enterprise comes around with the subscription paper.

Don't forget that in building up the town hearty co-operation, united endeavor and a spirit of get-there are what win the day. There is no pull, like a long pull, a strong pull, and a pull together.

FOR OVER 40 YEARS

HALL'S CATARRH MEDICINE has been used successfully in the treatment of Catarrh.

HALL'S CATARRH MEDICINE consists of an Ointment which Quickly Relieves by local application, and the Internal Medicine, a Tonic which acts through the Blood on the Mucous Surfaces, thus reducing the inflammation. Sold by all druggists.

Which Do You Want?

POSITIVE PROOF

"I have four hundred chicks three weeks old and have not lost a one." Miss Tena Block, Iowa.

"I have raised R.I. Reds for 12 years and never had such remarkable results." Henry Shelby, Kansas.

"Never lost a chick since using your feed. They grow like weeds." A. Goethals, New York.

It isn't the number of chicks you hatch that counts, but it is the number you raise. Every time you lose a baby chick you lose 50c.

USE QUISENBERRY QUALITY

Starts 'Em Right

Makes 'Em Grow

Buttermilk Starting Food

Start your chicks right and the rest is easy. The first eight weeks is the most critical time in the life of any chick.

Don't attempt to feed your baby chicks the same feed that you use for growing stock or laying hens any more than you would think of feeding a human baby bacon, cornbread and beans. A baby chick grows 30 times as fast and its digestive organs are more delicate than a human baby's. Therefore, save loss by starting your chicks on the right kind of feed.

If your chicks have a tendency to bowel trouble, or weak from poor incubation, from mistakes in brooding, or from lack of vitality in your breeding stock, Quisenberry's Buttermilk Starting Food will bring them right out of the kind. We guarantee there is no food on the market, regardless of make or price, that will give better results than the Quisenberry Quality Starting Food. Your chicks will grow faster and healthier, and you can produce 1 1/2 to 2-pound broilers on this feed quicker than any other. Try a small sack.

If you want the best results from chick to laying hen, use the Quisenberry Quality Starting Food, Growing Mash, Laying Mash and Scratch Grain.

Satisfaction or Your Money Back. Accept No Substitutes.

ALL BIDS FOR SEDALIA FAIR PAVILION REJECTED

Sedalia, Mo.—Bids received for the erection of a \$125,000 swine pavilion at the State Fair grounds were from the McDonald Construction Company, St. Louis; Collins Construction Co., Kansas City, and Dean & Hancock, Charles W. Rothgeb and Martin O. Thomas, all Sedalia, ranging from \$170,000 to \$185,000. They were rejected by the committee on advice of Gov. Hyde, who said they were too high. The committee decided to have the plans for the pavilion changed and new bids asked.

"Tonic did what everything else failed to do." Thousands have said it. So will you. Richardson Drug Co.
